Don't You Know

that you can secure almost immediate relief from indigestion, and that uncomfortable fullness after meals, by simply taking a dose of Simmons Liver Regulator? Some people think that because it is called Liver Regulator it has nothing to do with indigestion and the like. It is the inaction of the Liver that causes indigestion, and that fullness; also Constipation, and those Bilious Headaches. Millions have been made to understand this and have been cured from these troubles by Simmons Liver Regulator—a medicine unfailing and purely vegetable.

From Rev. M. B. Wharton, Baltimore, Md.
"It affords me pleasure to add my testimony to the great virtues of Simmons Liver Regulator. I have had experience with it, as occasion demanded, for many years, and regard it as the greatest medicine of the times. So good a medicine deserves universal commendation."

Fifty thousand rare trees have been ordered by the empress of Austria to be planted around the statue of Heine, to be erected on her property at Corfu.

Tattooed by Lightning.

Samuel I. Hough, a laborer at Castle Rock, was driving a pin in the ground with a hatchet when a bolt of lightning descended from a clear sky and struck him. The top was taken off his hat and consumed, and the rim of the hat was split. His hair was singed all over his head, and upon the crown it is burned in precisely the shape of a tonne, a spot about the size of a quarter being left wholly bare. A livid mark is left across his breast from shoulder to shoulder, and directly above his heart a hole was burned in his shirt. Around the body, below the waist, extends a belt of flesh about four inches wide, black and blue and dotted with numerous small holes. Down his back and legs are streaks, and the inside of his legs are burned. Hough remained unconscious till 10 o'clock, when he recovered his senses and is still alive.—Denver Cor. San Francisco Examiner.

Something New in the Snake Line.

A large snake of unknown species was killed by A. C. Reichelderfer, superintendent of the Lima Natural Gas company, on S.W. Doty's farm, in St. Mary's. Mr. Reichelderfer, in company with Mr. Spear, a prominent oil man, was walking over the farm when the reptile attacked him. It made several vicious attempts to bite him, but was unsuccessful, and after a few vain trials Mr. Reichelderfer finally procured a club and dispatched his snakeship. The monster measured six feet long and its back was covered with scales. Its skin is on exhibition in this city and has attracted great attention. Thus far no one has been able to name it.—Cleveland Plain Dealer.

The Company Responsible.

In Michigan it is unlawful for railway companies to neglect to block the frogs on their roads, so that the feet of employees may not be caught therein. A switchman, while uncoupling cars, had his feet caught in an unblocked frog and was injured. He sued for damages, and proved that other frogs in the yard were unblocked and that the yardmaster had been notified of their condition. The court decided that it was no fault of the company had employed men to keep all frogs blocked, and that proper material had been furnished for that purpose, because the negligence of the employees was the negligence of the company.—New York Sun.

Electric Lights in St. Louis.

St. Louis will have over six hundred magnificently illuminated streets during the autumnal festivities. The not be less than fifty arches, some of which are to be startling in their gorgeousness. There will be over 75,000 electric lamps and gas jets in each night's display. The electric light companies have not enough power to stand this strain in addition to the regular demands made on them, and are going to put in extra dynamos and engines for the occasion.—St. Louis Letter.

One of the strangest phenomena ever witnessed at sea was described a short time ago by Captain Thomson, of the Anchor line steamship Trinacria, that was in brief an earthquake shock at sea on July 23, followed by the appearance in the sky of a huge fiery serpent, which stretched from the zenith to the horizon.

Street car parties are the fashion at Burlington, Ia. The hostess hires a special car in which she and her guests make a tour of the line, and after the ride the party is served refreshments at the hostess's home.

Churchill's Compressed Air Washer and Churn

I wish to call your attention to this Compressed Air Washing Machine, the principles of which are entirely new, but so simple that by an examination the most skeptical cannot fail to be convinced of its practicability. The clothes are thoroughly cleaned without friction, boiling or the use of acids, by the combination and concentration of air, steam and water, which are forced through the fabrics by pneumatic pressure, thereby removing every particle of dirt without injury to the garments. As a Churn, the butter is produced by the agitation which is caused by the action of the compressed air, without any injury to the grain of the butter. I am prepared to call at your house at any time and give you a practical demonstration as to its merits; or show the machine in actual operation, at any time, by calling at our office.

Attention is directed to the call for the organization of a Stewart and Newlands Club to meet this evening at the People's Hall in the new Martin building.

Some of the straight-out, true blues say Chairman Strother returned with \$50,000 of Wall Street money to convince Nevada that Harrison is for free coinage.

The geographical expedition sent to Alaska by the United States Government has finished its work. The height of Mount St. Elias is now determined to be 17,201 feet.

Within ten days from date train No. 2 will carry a log pouch from the east to Reno, bringing Reno two overland mails daily. Such are the orders of Superintendent Samuel Flint.

The Austin Advocate says 600 steers from Nye county and 400 steers from upper Reese river will be taken to Lovelock to fatten. The price paid for the cattle is said to be \$35,000.

The San Francisco Report learns from R. V. Day that John W. Mackay intends to leave England for New York October 14, but he does not think Mr. Mackay will come to the Coast this year.

J. G. Kerth received another carload of that delightful beverage—Anheuser-Busch beer yesterday. If the trade continues to increase George will be compelled to have a special Anheuser train put on for his accommodation.

Superintendent Ring, State Superintendent of Public Instruction, is officially visiting the public schools. He went to Hiwona's yesterday and speaks highly of the school at that place and its teacher, Miss Jennie McFarlin.

At Telluride, Colorado, last Saturday night, nearly the entire audience at a Republican goldbug meeting wore "Weaver and Free Coinage" badges, and the only response given to the anti-silver speakers were cheers for free silver.

There are 156 students registered at the State University, the largest number that ever attended. There are fourteen more girls than boys at the University. There are 71 cadets and a new supply of arms had to be ordered to accommodate them.

The Silver State defines the position of the Straddler, or Corkscrew, as it puts it, thus: "We are in favor of the election of the free coinage champions, Stewart and Newlands, but we are also in favor of electing Harrison, who will veto any bill they may pass."

When the Republican Convention of Elko county endorsed Weaver and Field and the nominees of the Silver party, E. S. Farrington, J. B. Moore, J. H. Taber, O. E. Green, A. Hayes, C. H. Sproule, E. C. McClellan and Dillon Roberts withdrew from the convention.

The People's party demands the abolition of unnecessary State offices, the reduction of salaries and the adoption of measures for the general simplification and economical management of our State and county governments. Taxpayers, what objection is there to those reforms?

G. J. Boskowitz is back from the G. A. R. National Encampment at Washington. He represented Nevada as Junior Vice Commander of the Department of California, to which Nevada is attached, at the National Encampment. California was given next to the highest office in the organization.

E. Strother, Chairman of the straight-out, true blue Republican Convention and State Central Committee, returned from the East and left for Virginia City yesterday. No silver man could ascertain the size of the sack which he brought from New York, as he is non-communative on that subject. He will probably open a "char" on the Comstock in a few days.

THE SIERRAVILLE FAIR.

Some Disappointment With the Judges.

SIERRAVILLE, October 7.

EDITOR JOURNAL:—This morning the streets of Sierraville were crowded and the boys were shaking money in all their pockets. The prospects were good for a fine day. At 10 o'clock the stock came on the track, and made a fine showing. The parade was very large and a good one. At 1 o'clock the bell tapped and the trotters were brought out, looking fine, and all of the drivers were confident of winning.

The first race was the 2:30 class. The starters were Robert L. Maxwell and Engineer. Robert L. sold favorite for \$10 to the field \$8. Maxwell took the first heat. Time, 2:32.

After the first heat the pool sellers were kept busy. There were plenty of buyers for both favorites and field. The second heat was won by Robert L. under a heavy pull. Time, 2:32.

The betting was still good. The third heat was also won by Robert L.

The fourth heat was won by Robert L., but given to Maxwell. Time, 2:30. There was a great deal of dissatisfaction in the decision. The Sierraville boys claim that they cannot win with Pumas county judges in the stand.

After that heat the wind began to blow, and it rained very hard for about twenty minutes, making the track very heavy and slippery. The trotters were then called for the last heat, which Maxwell won in 2:46 1/4.

The next race was a five-eighths dash—Ray John, Red Rock, Joe and Elbow. Joe sold a big favorite with plenty of buyers for Red Rock as second choice. The horses got a good start and made a very pretty race. Joe won by a neck, but it was called a dead heat. In this race there was also a great deal of dissatisfaction, but Dan O'Keefe said that they could run them all day if they wanted to, he was satisfied that the longer they ran the further the pride of Pumas county would be behind.

The heat was run over, and this time Joe took no chances and won the heat by a good length. Time, 1:05.

The third race was a trot, 3:50 class—Lady Mo, Bay Mo and Quinoy. Lady Mo sold a good favorite against the other two in the field. Bay Mo won in three straight heats. Time, 2:39 1/4, 2:53 1/4, 2:50. Quinoy was distanced in the first heat.

The next race was a run, mile and repeat—Trumbo, Charger and Chikatack Tom. Charger sold favorite with Trumbo and Chikatack in the field. Charger won the first heat. Time, 1:49.

The second heat was won by Trumbo. Time, 1:51. As darkness was fast coming on, the race was postponed until 1 o'clock to-morrow.

RACELETS.

The sky is overcast with black clouds to-night and it looks as though we were going to have more rain for to-morrow.

The Pavilion is handsomely decorated, and a finer display of art and fancy work cannot be found.

The concert in the evening was a grand success. Sierraville can boast of its musical talent.

FOSTER'S WEATHER FORECASTS.

The Next Storm Billed for the 11th.

Copyrighted 1892 by W. T. Foster.

St. Joseph, Mo., October 7, 1892.

My last bulletin gave forecasts of the storm wave to cross the continent from the 8th to the 10th, and the next will reach the Pacific Coast about the 11th, cross the western mountains by the close of the 12th, the great central valleys from 13th to the 15th, and the Eastern States about the 16th.

The cool wave following will cross the western mountains about the 14th, the great central valleys about the 15th and the Eastern States about the 18th.

The fourth storm wave of the month will reach the Pacific Coast about the 17th, cross the western mountains by the close of the 18th, the great central valleys from the 19th to the 21st, and the Eastern States about the 23d. This disturbance will be at its greatest force in the Rocky mountains about the 18th.

The cool wave following will cross the western mountains about the 20th, the great central valleys about the 22d and the Eastern States about the 24th.

Stewart and Newlands Club.

The undersigned respectfully extend an invitation to all voters in Washoe county who are favorable to the Silver and People's party to meet this (Saturday) evening, October 8th, at 8 o'clock at the People's Party Hall in Martin's new building on Second street for the purpose of forming a Stewart and Newlands Club:

ABSOLUTELY PURE

THE HORIZONTAL RAISE

Some Counties Affected Worse Than Others, But All Get a Dose.

Washoe county is not the only one that has been reminded by the State Board of Assessors that the Legislature of 1891, of blessed memory, was controlled by the bosses. The Carson Appeal gives the following list of horizontal raises made by the Board, but does not explain the cause of the discrimination in favor of some of the counties:

County	Per Cent.
Churchill	25
Douglas	25
Elko	10
Esmeralda	15
Eureka	10
Humboldt	25
Lander	15
Lincoln	15
Lyon	25
Nye	10
Ormsby	25
Storey	15
Washoe	25
White Pine	15

It has been suggested that each county send a delegation of representative men to the State Capital to protest against the injustice. If the State government cannot be carried on without assessing property for more than its value, steps should be taken to make radical changes that will reduce expenses.

NEVADA CERTAIN FOR WEAVER.

What an Old Democrat Says.

Captain A. D. Root of Eureka, writes to the Rocky Mountain News as follows:

"Your paper is well known for its firm stand in favor of the free coinage of silver, and for the unwavering stand advocating the election of Generals Weaver and Field, candidates of the People's party. While I am a Southern man and a Democrat, I am equally a supporter of Weaver and Field, and if the laboring people let this chance pass of being freed from the yoke of thralldom and weight of monopoly, they will deserve to be and remain servants for all future time. I am truly ashamed of the conduct of some of the scum of Georgia. It was a disgrace to the State, and will tend to strengthen rather than weaken the party. Both of the old parties are doing all they can to weaken and injure our cause, but it seems to me it becomes a means of strength. Each of them have been doing all they can to hold Nevada to no purpose. Nevada is sure for Weaver by a large majority. We are so nearly one way as to keep down discussion. We shall support none but true silver men, even to constable. Stand by the Silver flag and say to Colorado that Nevada will contend for the banner."

A MIXED TICKET.

The Nominees of a Joint Caucus at Wadsworth.

WADSWORTH, Nev., October 7, 1892.

ED. JOURNAL:—At a meeting of caucuses of Silver men, goldbugs, Democrats and Republicans, held on the 6th instant to nominate township officers, I. N. Farwell was nominated for the office of Justice of the Peace, and E. A. Lothrop for Constable.

It was a meeting of all denominations in politics.

Farwell is an old time Democrat, but now a Silver man. Lothrop is a black Republican of the first water, but nevertheless a good man.

SILVER BUG.

Home Dramatic Club.

The young men of Reno held a meeting Thursday evening for the purpose of organizing a dramatic club. The object of the club is a worthy one, being for the purpose of presenting a series of monthly entertainments, the proceeds of which to be for the benefit of some worthy charity.

It has been decided to make their first appearance before a Reno audience in the well known Irish comedy, "The Widow O'Brien," at the Opera House within a short time.

The following officers were elected to serve the ensuing term: John Fugh, President; A. W. Loring, Vice President; Dr. H. A. Fredrick, Treasurer; Hyman Fredrick, Musical Director.

With the above named as officers it is a certainty that the new organization will be a success. In the little Minstrel it was shown what our young people are capable of doing, and the Dramatic Club will certainly sustain the reputation then gained.

John Sunderland has a fine stock of French and English goods and is turning out some finely finished suits to order. His tailors are first-class workmen.

A new assortment of Heath & Milligan's paints, pure raw and boiled linseed oil and white lead at reduced prices at J. B. McCullough's.

Stationery, cutlery, notions, also gentlemen's underwear and hats at A. Nelson's on Virginia street. Call and examine before purchasing elsewhere.

The Palace Hotel, which is well and favorably known to every old Nevada, is being conducted as usual by that veteran landlord, Al White, who spares neither pains nor purse to provide for the comfort and convenience of guests.

Better Than a Savings Bank.

If you have faith in the future prosperity of the city of Reno, Nevada, invest in well located town lots and you will surely double your money in the next few years. If you cannot buy a lot yourself you can take stock in the Reno Real Estate and Investment Co. and participate in the investments that this corporation will make. The company proposes to purchase centrally located property and erect suitable buildings thereon, obtaining immediate revenue from rents and receiving all benefits from increase in values.

Still Growing.
A glance at the map of Powning's Addition shows that with but very few exceptions all of the most eligible lots have been sold. Along the entire river front, or Riverside Avenue, there are only three corners left, while on Second street there are but four that are not sold. People wonder how it happens, but Reno keeps on growing just the same, and those who are still hunting bargains should buy a lot in Powning's Addition while lots are yet reasonable.

Removed.
The sample office of Wanamaker & Brown has been removed to the Fletcher building one door north of the Justice Court. The finest line of samples of ready made and tailor made clothing on exhibition. Prices lower than the lowest. Quality, fit, etc. guaranteed in every particular. Call and inspect the goods. adit

Why Suffer When Relief is Sure?

MEMORRHOROID PILE SALVE IS THE LATEST.

A noble remedy for the positive cure of Blind, Bleeding, Itching, and protruding piles. This salve has been in use both in the East and West for years and all that have given it a trial speak loud in its praises. The acute pain ceases immediately on its application, and a cure is permanent. This valuable salve is the product of long years of continued experiments by a well-known Pacific Coast Pharmacist, and its use has given the best possible results. For sale by all druggists in large metal capped glass jars, price \$1.00. Supporters of the same composition sent by mail, on application, at the above price.

LET THE GRASS GROW.

Let the grass grow over your graves of sorrow and sin and care.

Let the grass grow over your maddened shame and your misery of despair.

Let the grass grow over your long nursed woe and the fear of that awful doubt.

Let the grass grow over the sin and the hate that brought the trouble about.

Let the flowers grow over your grave of folly and crime and fears.

Let the flowers cover the ghastly past with its beauty of better years.

Let the flowers cover the awful plan of vengeance and thought of wrong.

Let the flowers grow; let vengeance stay where vengeance doth rightly belong.

Let darkness cover your grave, let the soft years murmur by.

Let repentance break their loneliness with the sad and bitter cry.

Let affection twine, and the virtues bloom and cover the naked sod.

Let the grass grow over the grave, my child, and leave it alone with God!

When Money Was Plenty.

There is a class of men, particularly in the western country, who get into the habit of stretching the truth of incidents which become to believe them as facts. One of the most scientific of these is Jim Hawthorne, whose home now is near White Pine, Gunnison county. Here is one of Jim's stories: "Me and my partner," he observed, "made more money in them days than we know what to do with. For instance, when we had that big government contract for wood we was rollin in money. Money was commoner than chipmunks, and it wasn't much good to us neither, 'cause we didn't have no stores to spend it at. That contract was for 50,000 cords of wood. We got \$175 a cord, and we made money very easy." "What was the government doing with so much wood?" "Well, I don't know. Some of it was used by the Indians. The government just had it left around handy for clambakes." "Clambakes?" "Why, cert; clambakes were very common in them days on the Platte." "Did you deliver the full contract?" "No. We kind of let up after we had delivered 40,000 cords. We didn't want to bust the government, I just felt this to show you how plenty money was in them days."—Colorado Sun.

Keene's Pipes.

A good deal has been written in various quarters with regard to the little Elizabethan pipes in which the late Charles Keene took such great delight. I cannot help thinking that the persistent smoking of these pipes must have done no little injury to his health. The pipes were so short, they became so charged with nicotine and he so persistently smoked them at every opportunity that I cannot help thinking he must have absorbed a large amount of poison into his system.

No one, unless he had smoked one of Keene's pipes, could have the least idea of its strength. I remember trying one at his studio one evening, and though a pretty tough tobacco smoker I shall never forget how my head was affected and all the pains endured in consequence. I had all the symptoms of suffering from the effects of a powerful narcotic poison. —London Graphic.

An Apparent Impossibility.

The phrase "squaring the circle" is another way of saying "attaining an impossibility." The question whether a circle can be squared has been asked for centuries. Every patent taken out by us is brought before the public by a full given free of charge in the Scientific American.

"German Syrup"

A Throat and Lung Specialty.

Those who have not used Boschee's German Syrup for some severe and chronic trouble of the Throat and Lungs can hardly appreciate what a truly wonderful medicine it is. The delicious sensations of healing, easing, clearing, strength-gathering and recovering are unknown joys. For German Syrup we do not ask easy cases. Sugar and water may smooth a throat or stop a tickling—for a while. This is as far as the ordinary cough medicine goes. Boschee's German Syrup is a discovery, a great Throat and Lung Specialty. Where for years there have been sensitiveness, pain, coughing, spitting, hemorrhage, voice failure, weakness, slipping down hill, where doctors and medicine and advice have been swallowed and followed to the gulf of despair, where there is the sickening conviction that all is over and the end is inevitable, there we place German Syrup. It cures. You are a live man yet if you take it.
